

## Meet the Team Behind Our Chatbot

This chatbot is designed by NLP Team Alpha.

**ITSOLERA** is proud to introduce the talented team behind our innovative chatbot. These AI engineers have dedicated their expertise to creating a cutting-edge language model capable of understanding and responding to your queries effectively.

- **Mohawiz Mustafa** (AI Engineer), Team Leader of NLP Team Alpha: As the team leader, Mohawiz oversees the development and direction of the chatbot. His deep understanding of artificial intelligence and natural language processing ensures that the chatbot is designed to provide exceptional user experiences.
- **Salman Saeed** (AI Engineer): Salman's contributions to the project have been invaluable. His expertise in AI algorithms and machine learning has played a crucial role in developing the chatbot's ability to learn and improve over time.
- **Abdul Rehman** (AI Engineer): Abdul Rehman has brought his technical skills and problem-solving abilities to the team. His contributions have helped to refine the chatbot's responses and ensure its accuracy and reliability.
